H. HOOVER MAY NOT ACCEPT

Puts the Cabinet Question Back
Up to Harding

FEELS RELIEF WORK CALL

Asks President-Elect as to Where
He Can Best Serve

NEW YORK—(By Associated Press.)—Herbert Hoover declared in a statement today that he had left it to President-elect Harding to decide whether he could be of more service to the public as secretary of commerce or as director of European relief.

He declared he had undertaken the responsibility of directing the expenditure of fifty or forty million dollars in Europe—money contributed by the people of America—and he would continue to have general direction over that expenditure.

He added that if he should accept the position he saw a way to make changes which would make of the "real department of commerce."

HOOPER-DAUGHERTY SPLIT.
WASHINGTON—(By United Press.)—Serious objection in the senate to the confirmation of Herbert Hoover as one of the Harding cabinet appeared most unlikely today.

This does not mean that Hoover's cabinet enemies have suddenly changed their feelings toward him, but only that the traditional custom of letting a new president pick his cabinet has been probably will change the opposition.

There are other proposed cabinet selections and lesser appointments which are as distasteful to some senators as that of Hoover, in fact nearly all of Harding's selections would meet opposition from some quarter, if it were not for that same tradition.

Another consideration, which may have moved some senators, is that a strong fight on Hoover or any other cabinet member, creating what would look like a party split, might also call for retaliatory action in the shape of withdrawal of patronage.

With possible senatorial opposition to him out of the way, it was reported among leading Republicans, that Hoover's selection would go into the cabinet, was based upon reluctance to serve with Harry M. Daugherty, who has been selected for attorney general.

This reluctance was not to be based on the difference of political viewpoints of Hoover and Daugherty.

Hoover, it was said, has been asked not to accept a cabinet post for two reasons.

Daugherty was here today and it was reported that his mission had to do with silencing opposition to Hoover. He is to see Senators Pennington and Knox, known opponents of the former food administration.

LIQUOR FLOW TO U.S. MAY STOP

MONTREAL—(By United Press.)—The question of whether the main liquor flow from Canada to the United States will be cut off, hangs in the balance today. A bill now before the Quebec parliament would prohibit whiskey running and make the liquor business in this province a government monopoly.

Prime Minister Tasscheran and his cabinet today are placing their political bets on the bill. It fails to pass, the liquor will be sold at once. The proposed bill will make the Quebec government the greatest liquor dealer in the world. On May 1, the provincial government will assume control of the liquor trade and all exports will be prohibited.

Aside from unimportant amendments, the general provisions of the bill follow.

The provincial government takes over all handling and sales of liquor. Liquor may be purchased by any dealer from an official vendor, one dollar a gallon at a time.

Doctors' prescriptions are unnecessary and commissionaires will be salaried government officials, earning no profit interest in sales.

Beer containing not more than one per cent of alcohol, will be sold by the glass in licensed taverns between 9 a. m. and 6 p. m. except on Sundays and holidays, and a limited number of grocery stores. Wines may be sold by hotels, restaurants and clubs only with meals.

FIRST PLANE SHOT
DOWN IN WORLD WAR
WAS BY GERMAN SOLDIER
The first German airplane shot down in the World War was shot down by a young German pilot, who thought it a good joke to fire on one of his own airplanes.

This fact developed during an incident in a French newspaper, which told of a German airplane fired on by one of his own planes at Sarre-Union, France, on August 5, 1914. The pilot struck the pilot's hand; he was in control of the machine and

U. S. TO PROTEST BEFORE LEAGUE

Washington Note Under Consideration of Council

EQUAL RIGHTS DEMANDED

Hasn't Consented to Jap Disposition, America Asserts

PARIS—(By Associated Press.)—The United States government in its note to the council of the league of nations on the question of mandates claims an equal concern and interest with the other principal allied and associated powers in the overseas possessions of Germany and in their disposition.

This was shown today when the note sent by the American state department and land before the council of the league yesterday, was made public.

The council again took up the note this morning, considering it with particular reference to the claim advanced by the United States.

Some of the other members held that America had forfeited such rights by withdrawing, as an associated power, from the supreme council. In the summary of the note, which was made public Wednesday, it was revealed that the United States declared it had never given its consent that the island of Yap, an important link in the chain of cable communications in the Pacific, be included in the territories subjected to the mandate of Japan.

The principal feature of the note, in addition to the points contained in the summary, is the American contention of equal right and interest in disposing of Germany's overseas possessions.

AMERICAN CLAIMS
On this note said:

"As one of the principal allied and associated powers, the United States has equal concern and inseparable interest with the other principal allied and associated powers in the overseas possessions of Germany and consequently an equal voice in their disposition, which it is respectfully submitted cannot be undertaken or effected without its consent."

Referring to the attribution of the island of Yap to Japan, the note reads:

"While this government never assented to the inclusion of the island of Yap in the proposed mandate to Japan, it may be pointed out that even if one or more of the other principal allied and associated powers were under misapprehension as to the inclusion of the island in the proposed decision of May 7, 1919, nevertheless in the notes above mentioned the United States government makes clear its position."

(Presumably the notes referred to comprised that sent by the United States to Great Britain on November 20 last with the copies, submitted to the French and Italian governments. The notes set forth the American position on the responsibilities of mandatory powers. The Japanese mandate was approved by the council of the league December 17 in Geneva.)

"At the time when these notes were addressed to the respective governments above mentioned, an agreement had not been reached on the terms of the allocation of the mandates covering the former German islands in the Pacific. Therefore the position taken by the president on behalf of this government clearly set forth, necessarily had the result of effectively withdrawing any suggestion or implication of assent, mistakenly imputed to this government, before December 17, 1920, the date of the council's meeting in Geneva."

KENT PASTOR DIES IN
CLEVELAND HOSPITAL

CLEVELAND—Rev. Thomas J. Mahon, pastor of St. Patrick's Catholic church at Kent, Ohio, died today in a local hospital after a month's illness. Rev. Mahon was 49 years old. He served as pastor in East Liverpool for five years before going to Kent. Funeral services will be held at Kent on Monday morning.

SHAKEUP IN U. S. RULE PLANNED

Harding to Make Sweeping
Changes in Government

FULL REIGN GIVEN CABINET

Members of Official Family To
Be "Own Bosses"

ST. AUGUSTINE, Fla.—(By Associated Press.)—As President-elect Harding completes formation of his cabinet he is giving increasing attention to the first big administrative task he will undertake as president—the reorganization of the executive machinery of the government. Detailed plans have not yet taken form, but it is known that Mr. Harding has in mind sweeping changes in many of the government departments and bureaus and that he expects to enlist in the work of reorganization he can find. He is understood to have told some of his advisers that he regards the championship of the reorganizations committed as a post-reception on a par with a cabinet portfolio.

CONGRESS ACTION
Congress also has created a committee to work out a plan for simplification of the executive branch with a view to preventing duplication of work and cutting down the government payroll. It is expected that this committee will work in close cooperation with the reorganization agency to be appointed by Mr. Harding, the latter body will be able to give its undivided attention to the task and to make a more exhaustive study of conditions than would be undertaken by members of congress.

Some mention for the reorganization project is expected in Mr. Harding's inaugural address and it is possible that some enabling legislation may be requested of the special session of congress that is to meet in April. The first six months of the new administration probably will see the preliminary study well under way so it may be much longer before definite recommendations can be formulated.

FULL CABINET REIN
ST. AUGUSTINE, Fla.—(By United Press.)—Cabinet members appointed by President-elect Harding have been given the definite assurance that they are to be "their own bosses."

Harding, it was learned authoritatively today, has informed Herbert Hoover, that, if he accepts the cabinet appointment which has been tendered him, his mind will not be expected to run along with that of the president at all times.

MAP OWN POLICIES
The same word has been given all other cabinet appointees. Harding informed them that they will be held responsible for the conduct of their respective departments, but that they are to name their own assistants, map out their policies along a line consistent with the pledges of the Republican party and take the initiative without fear of being over-ruled by the White House.

Harding acted on this policy in two important decisions affecting the state department. His first action after announcing that Charles E. Hughes had been named secretary of state, was to leave the room to give Hughes the opportunity for a confidential talk with newspapermen. Then he told Hughes to name his own man for under-secretary of state.

Hughes named Henry P. Fletcher. "I told Mr. Hughes that I would appoint whoever he wanted for that," St. Harding said later.

ROBERT WALTER BROWN
Harry M. Daugherty is making his own selections for solicitor general and assistant attorney general. Harding will O. K. them.

Harding has repeatedly said he is opposed to one-man government and it is in carrying out this principle that he is giving his cabinet members so much latitude. He considers himself, it may be stated authoritatively, only one of a group of new men who have been entrusted with the government for four years.

Harding conferred with Walter F. Brown, Toledo, today and worked on the draft of his inaugural address. He is ready to meet Edwin Denby, Michigan, his choice for secretary of the navy, who is enroute here.

FIRE TRAPS MEN
Workers Imprisoned by Blaze in
Illinois Mine

DUQUIN, Ill.—(By Associated Press.)—Hope had been virtually abandoned today for the rescue of any of the seven men imprisoned by fire which started yesterday afternoon in a gallery of the Kathleen mine at Dowell, five miles south of here.

The fire, which is thought to have been caused by an electric wire coming in contact with a canvas curtain, continued to sweep the gallery, keeping rescue squads away from the vicinity where the miners were caught.

In the event other measures failed to check the fire, it was proposed to block up the gallery to keep the flames from spreading.

TALL TURBAN EFFECT IN NEW PARIS HATS

PARIS—Straw hats for women have made their appearance and are already ousting velvet and satin creations.

There is a very graceful large hat with a high dome-shaped crown and sweeping brim, and for small toques there is a wide brim folded upward with tall turban effect.

The preference for ragged trimmings seems likely to be carried into Spring hats, and a fringe of osprey or a long fluffy silk tassel is to be seen on some.

RECEPTION PLANS FOR O'CALLAGHAN

Cork's Lord Mayor to Bring
Message From Isle

IS FIGHTING DEPORTATION

Lima One of Few Ohio Cities He
Will Visit

DONAL O'CALLAGHAN, lord mayor of Cork, Ireland, who speaks at Memorial Hall Saturday night on conditions in Ireland, has the distinction, his Lima friends say of being the only man with the rank of admiral in the British navy who ever crossed the Atlantic ocean as a stowaway in the hold of a liner.

O'Callaghan was arrested when he arrived at Norfolk and could show no passports granting him admission to this country.

By virtue of his office as regularly elected lord mayor of Cork, O'Callaghan has the title of Admiral of the Harbor of Cork, which office carries with it supreme authority within the three mile limit. According to friends here the title is an honorary one and each three years is attended by a pompous ceremony called "Throwing the dart," at which time the lord mayor boards a man of war and is taken to three mile limit. There he throws a dart and wherever the dart lands marks the boundary of his jurisdiction. O'Callaghan, however, was not interested in "throwing the dart" when the vessel on which he was an unknown passenger reached the three mile limit.

He was safely stowed away in the hold of the vessel, and when discovered after the liner had passed the limit of British jurisdiction was put at work as an ordinary seaman, in which capacity he served until the liner docked at Norfolk.

FIGHTING DEPORTATION
O'Callaghan, who is now fighting deportation to Ireland on the ground that he is a political refugee and that to return him to Ireland at this time would probably mean arrest and imprisonment by the British military authorities in Ireland, is touring the United States telling of conditions in his home land. Lima is one of the few Ohio cities in which he will speak in the country-wide tour he is making. At present the lord mayor is enjoying his freedom in this country, pending decision by the state department of his appeal from the ruling granting him the status of a seaman.

In his Lima address O'Callaghan will tell of conditions in and around Cork, which at present seems to be the storm center of the hostilities between the British military authorities as represented by the "Black and Tans" and the Irish Republican forces. The Irish Republicans, according to O'Callaghan, charge the "Black and Tans" with perpetrating the alleged atrocities that have been committed in and around Cork during the last few months, when much of the business section of the city was destroyed and many men and women killed.

O'Callaghan is 29 years old and is a college graduate. Those who have heard him speak say he has a gripping message to deliver and one that will arouse interest whether the sympathies of his audience may be with the Irish or opposed to their present struggle for self-determination.

O'Callaghan succeeded Lord Mayor Terence MacSwiney upon the latter's death in Brixton prison last October from a self-imposed fast that continued for 74 days. He wears a cross on his breast, the heavy gold chain which is the insignia of his office as lord mayor.

CHAIN, OFFICE INSIGNIA

The chain is the same one that has been worn by lord mayor of Cork for four hundred years and is the same one which MacSwiney retained possession of until his death. The lord mayor is very proud of the chain, his friends say, and everywhere he has appeared its uniqueness has attracted much attention.

Plans completed for O'Callaghan's Lima appearance provide for his arrival in the city at 2:50 Saturday afternoon. He will be met by a delegation of citizens and the committee in charge of the meeting. He will be taken to the Norfolk hotel and at 6 o'clock will be the guest of the committee at a dinner at the Elks' club. At 7 o'clock he will meet the members of the debating society of Bluffton college and be interviewed by the collegians on the Irish question.

The meeting at Memorial hall will begin at 8 o'clock. Mayor F. A. Burkhardt will deliver the address of welcome. The program includes, in addition to O'Callaghan's address, several musical numbers and an address by Mrs. Mary MacWhorter of Chicago, who has recently returned from Ireland.

OHIO MERGER BILL COMPLETED

Will Be Put Up To Assembly
Early Next Week

FORMS NINE DEPARTMENTS

Reorganization of Entire State
Government Provided

COLUMBUS—(By Associated Press.)—The administration bill providing for reorganization of state departments, an outline of which was made public yesterday, will be ready for introduction in the legislature early next week before recess is taken over the presidential inauguration. The bill now is practically ready for introduction, it is said.

As outlined in a statement issued by Governor Davis and the joint reorganization committee of the legislature, present departments, boards and commissions will be merged into nine departments, finance, commerce, public works, agriculture, health, industrial relations, examinations, education and public welfare. Boards and departments having similar duties are merged under the appropriate department.

ORGANIZATION PLAN
Over each of the nine departments is to be a director, appointed by the governor, whose term of office shall be coextensive with that of the chief executive. He will be subject to removal by the governor at will. Each director may appoint, subject to the governor's approval, advisory boards, but with no authority of administrative character.

Each division is to have two or more departments, presided over by a chief appointed by the director and removable at the pleasure of the director. Each director may have an assigned to specific duties. The number of divisions within a department is to be kept to the minimum.

Salaries of heads of proposed departments and chiefs of divisions are not mentioned in the outline.

Duties now devolving upon elective officials, secretary of state, attorney general, auditor and treasurer, are not to be interfered with except in a few instances, where some activity is given to some of the new departments or an activity of one of the present departments added.

COMMISSIONERS STAND
The state tax commission, public utilities commission and the industrial commission are to remain as constituted, but will exercise only their quasi-judicial functions, their administrative features being transferred to one or another of the proposed new departments.

The department of finance would handle all budgetary matters and assume administrative features of the tax commission.

The commerce department would be made up of the present departments, its name, the marshal, banks, building and loan associations and of inspection it also would handle the administrative features of the public utilities commission.

The public works department would be formed by a merging of the present duties of that department with that of the state highway department, state architect and engineer, waterways and parks, printing and printing. The state building commission would be abolished.

The agriculture department would exercise all the duties of the present board of agriculture and the secretary of agriculture state fair, fish and game, foods and dairies, plant industry, animal husbandry and weights and measures.

The health department would exercise the duties of the present department and its director and in addition take over the work of the vital statistics bureau which now is under the secretary of state.

The industrial relations department would take over the industrial commission, mines, factories and boiler inspection, employment and labor statistics.

The department of examinations would take over the administrative work of present boards dealing with the licensing of professions and occupations, leaving the examining boards free to exercise only the qualifying feature of their work. The motion picture censor board would be placed under this department.

The department of education will handle the duties of the present superintendent of public instruction with enlarged duties. He would be made a director of all the state universities as well as other functions. The duties of the state geologist would be transferred to him.

The public welfare department would take over the board of administration and the board of clemency.

The state securities department would be transferred to the secretary of state, excepting the chattel loan division which would go to the department of commerce.

The department of soldiers' claims would be abolished, the work being transferred to the adjutant general. The agricultural experiment station also would be placed under control of Ohio State University.

DETHRONED SYRIAN KING SEEKING AID TO RECLAIM THRONE

Emir Feisal, deposed king of Syria

Dispatches report that Emir Feisal, the dethroned king of Syria, is now in London trying to get political and financial aid to return to Mesopotamia, if not to Syria. This is the report given out by General Gouraud, the French high commissioner in Syria.

While the details of the program were withheld, it is understood proposals have been submitted for conducting a central information bureau for the dissemination of the principles of unionism. Plans also are being considered, it is understood, to send a corps of "minute men" through the country to give the public first-hand information regarding organized labor movement.

INJUNCTION FIGHT
Publicity may also be used to boost the federations legislative program and aid its fight against injunction and industrial courts.

Recommendations regarding the publicity campaign will be made to the conference by the federations executive council which has had the matter under consideration.

Repeal of the Volstead act will be another matter to be considered. The executive council has been asked to consider a proposal to ask congress to take action toward the repeal of the act and make a report at today's meeting.

"CAUSE OF FREEDOM"
While the conference was clearing up its last business today a staff of clerks were busy at the federation headquarters preparing for nationwide distribution of organized labor's declaration of principles.

This declaration which sets forth the full story of labor's grievances and recommendations for their correction is considered by labor leaders to be one of the most important documents ever issued by the federation.

"It is also the pronouncement of a movement that is consecrated to the cause of freedom as Americans understand freedom," said the preamble to the declaration. "It is the message of men and women who will not desert the cause of freedom no matter what the tide of the struggle."

LABOR SPEAKS FROM NO NARROW OR selfish point of view. It speaks from the standpoint of American citizenship.

POSITION OF UNION
Standing between two opposing forces, uncompromisingly toward both, the American trade union movement today finds itself and every American institution of freedom assailed and attacked by the senseless autocrats of industry and the followers of radical European nationalism. If either of these wings the doors of democratic freedom and opportunity can never be reopened in our time."

While charging unemployment to the "maladministration of industry," the statement declares also that the condition of unemployment has been accentuated by keeping open the floodgates of immigration which has added to the confusion and given employers an additional weapon in their efforts to reduce the American standard of living.

PEOPLE ENTHUSIASTIC
Osborn's people are enthusiastic about their town, and feel a new lease on life for it, when it gets moving. Business men and officials are busy planning ways and means to bring new industries and start the building of a larger and more modern town.

An expert is being sought to supervise the platting of the new site, which is to start March 1.

Three concerns are seeking the job of removing Osborn. A contract is to be awarded soon.

Plans now provide for the laying of railroad tracks between Osborn's old and new home, and transporting the buildings and dwellings on specially built railroad cars.

RAIL MEN MEET
Heads of Roads Open Convention at Toledo

TOLEDO—(By Associated Press.)—Sixty-nine electric railway systems and three lake steamship companies are represented in the annual convention of the Central Electric Railway Association which opened a two day session here today.

The association is said to number in its membership all the electric railways in Ohio, Indiana, Michigan, Illinois, Pennsylvania, West Virginia and Kentucky.

R. I. Todd, president of the Toledo, Indianapolis and Eastern Traction Company, is president of the association. He will give the annual address today.

James P. Barnes, president of the Louisville Railway which is another speaker on today's program. Officers will be elected tomorrow.

Action on Volstead Law to Be Taken Up Today

WASHINGTON—Plans for a publicity campaign and educational drive to offset "open shop" and other propaganda of enemies of organized labor were being considered here today at the second session of the conference of representatives of national and international unions affiliated in the American Federation of Labor.

FORD TRUCK KILLS BOY

Frederic Hastings Fatally
Crushed, Thursday

DIES ON WAY TO HOSPITAL

Son of Albin Hastings, Street
Car Conductor

Frederic Hastings, 8, son of Mr. and Mrs. Albin Hastings, 820 R. McDonald-st., was almost instantly killed at 11:30 a. m. Thursday, when he was run over by a Ford truck at Vine-st. and Greenlawn-ave. The boy died on the way to the City hospital.

His neck was broken and he suffered fracture of the skull at the base of the brain. The truck was owned and driven by Walter R. Shrier, 751 Wendover-ave.

PEEL UNDER WHEEL

According to eye-witnesses to the accident, principally all of whom were children of the Lincoln school, Elizabeth and Vine-sts, the boy under took to ride on the running board of the truck. He is said to have made a jump for the side and missed his footing. The rear wheel of the truck passed over his neck.

With blood streaming from his nose and ears, he was picked up and carried into the home of J. M. Matchette, 906 Greenlawn-ave. The Schuller ambulance was called and the boy hurried to the City hospital. He died before the hospital was reached.

Eugene McKinney, driver of the Schuller ambulance, said: "I thought the child was dead when I picked him up and placed him in the ambulance. But to make sure, I hurried him to the hospital. They pronounced him dead at the time of our arrival at the hospital."

Mrs. Matchette at whose home the injured child remained until the ambulance reached there, a few minutes after the accident, declared that she believed the child was dying when the ambulance started from her home.

Hastings, with other children who attend Lincoln school, had just been dismissed for the noon hour. He was proceeding to his home when the accident which snuffed out his life occurred.

The truck, a Ford of about a ton and a half capacity, had been delivering a load of coke and was proceeding along Greenlawn-ave. empty.

SHRIDER DID NOT KNOW HIS CAR HAD STRUCK THE CHILD, UNTIL BY-STANDERS CALLED TO HIM HE HAD INJURED A BOY. He brought the machine to a standstill and assisted in carrying the bleeding form into the Matchette home. Shrider remained there until the child had been taken to the hospital. He is a married man.

"I did not know there was a child anywhere in sight," he stated. He said he deplored the accident more than he could tell.

The body was removed to the Schuller mortuary, Coroner Adams announced he would view the body early in the afternoon. Besides the child, Albin Hastings is the father of three boys and two girls. He is a street railway conductor in the employ of the Ohio Electric.

MAY EMPLOY EXPERT IN AID OF SOLUTION OF GAS RATE CLASH

Not result of a joint meeting of council and the gas committee of the chamber of commerce, Wednesday night, to devise ways and means of ending the gas rate controversy, was a decision that the chamber of commerce and the manufacturers' association put up to their boards of directors the question of employing a gas expert, satisfactory to council and the gas company.

If an engineer is employed, his report is to be submitted to a referendum of the members of the chamber of commerce and manufacturers' association, with the expectation that the findings be written into a franchise, if approved by the members of the civic body.

Whether an engineer is to be engaged in expected to be decided by the civic bodies Thursday or Friday.

WILSON TO RIDE WITH HARDING

Old Custom Will be Carried Out at Inauguration

WASHINGTON.—(By Associated Press.)—President Wilson will follow the long established custom of riding to the capitol with the incoming president on March 4 under plans of the congressional inaugural committee, approved by the president. It was announced today at the White House.

Whether Mr. Wilson will attend the inaugural ceremonies has not yet been made known. Should he do so he probably will ride with Mr. Harding to the White House, but if he does not attend he will go direct from the capitol to his new home on S. street.

Four troops of cavalry, numbering 350 officers and men, will escort the president and the president-elect to the capitol and then will accompany Mr. Harding to the White House.

From the White House the procession will move over Pennsylvania avenue to the capitol. There the president and probably Mr. Harding will enter the president's room, where Mr. Wilson will sign the bills passed in the closing hours of congress.

PREACHER FOUND NOT GUILTY

SANDWICH, Ont.—(By Associated Press.)—Rev. J. O. L. Spricklin, former liquor license inspector, today was acquitted on a charge of manslaughter in connection with the shooting of Beverly Trumble, an innkeeper in a raid here last November.

The verdict was returned 55 minutes after the case had been given to the jury.

FRENCH WON BY GERMAN GIRLS

Paris Protests Against Soldiers' Choice of Brides

PARIS — Scores of French soldiers serving in the French Army of Occupation on the Rhine have married German girls had protests of an official nature are reaching the French authorities from Germany.

Germanians suggest that French Army commanders are violating the Treaty of Versailles in allowing these marriages to be celebrated and say they should not be considered legal until sanctioned by a German authority in the town where the bride is married.

French laws, however, make it perfectly legal for a soldier to marry in any country where he is sent if he complies with the necessary regulations which are that he be married before his commanding officer.

Whether marriages between French soldiers and German girls are happy ones is not known. The German authorities and people evidently attempt to make them very unhappy both for bride and bridegroom, as well as for the former's parents, by posting notices to the public to the effect that Fraulein so-and-so has married an enemy and asking that the girl's parents be personally responsible.

The French troops, however, firmly approve of the marriages and believe that in these marriages they have a good propaganda service for French culture.

SEVEN ORDINANCES SIGNED BY MAYOR

All the ordinances passed by council Monday night received the mayor's signature Thursday, including the appropriation voted for the preliminary expenses of the city sewerage disposal plant.

Other ordinances included increases of salaries for clerks in the office of city solicitor and city auditor; the issue of \$224,898 bonds for the boulevard lighting system; short time notes for sewer construction; change of certain street names and an order for vacating certain alleys near the Lima Locomotive works.

TAX ON 'SINGLES' TO BE RAISED

Unmarried in Montant Must Pay For Privilege

BACHELOR MAIDS HIT, TOO

Assessment Nearly as High as Auto License

HELENA, Mont. — Montana's bachelor maids and men are in a dilemma. They are caught by the tax collector if they stay single and they must pay the piper more for the Lehengrin march if they trot in double harness, according to the array of new measures which have been introduced in the present session of the Legislature.

In addition the State is seeking greater revenue, and two new poll tax laws have been introduced for the single folks, especially, while another alone has trotted out a bill which boosts the price for marriage licenses from \$2 to \$5.

The proposed poll tax increases annual fee from \$2 to \$6 for all males not supporting others, the \$4 increase over the present law to go into the county widows' pension funds.

Another proposes a tax of \$10 for every man and woman who is unmarried, not supported by another and is between the ages of 21 and 50 years. The proceeds are to be divided three ways—the State to receive 60 per cent as revenue, and the counties to get 20 per cent for the counties' poor funds.

The latter tax is to be collected by the county assessor at any time in the year, and he is to remit to the State Treasurer every quarter. He is permitted to sell property to collect the tax on three hours' verbal notice and also holds all corporations liable for the tax from their employees. In addition to make collection easy, it may be collected from the debtors of unwilling taxpayers and taken off the amount due.

FIND OLD COINS IN FARE BOXES

Street Cars Source of Supply for Odd Collection

Charles W. Randolph, chief clerk for the Ohio Electric R. R., is assembling a collection of foreign and antiquated coins. He is provided with an unusually prolific source from which to draw additions for his collection, as his duties require that he count the money taken from the cash fare boxes on the street cars.

What Randolph finds in the collection of coins indicates positively and conclusively to him that some folks are mighty careless or they are bent on deliberately beating the company Wednesday, while sorting over coins taken from cash fare boxes. Randolph found a five cent piece of a type that is now practically out of circulation. It is one of the first designs of its particular series.

The "five cents" and the motto "E Pluribus Unum," characteristics of the coin now being minted, does not appear on the one referred to.

A one-cent piece, coined in 1817, the size of a half dollar, was found by Randolph recently in a cash box. Perhaps the rarest specimen that has come to the Ohio Electric office in the course of its particular series.

The thickness of a dime, it is apparent, is legal tender, but the mint workers apparently made a slip of some sort and the defective coin in some manner passed inspection.

Coins from India and the Philippines have been found by Randolph. Among others of recent receipt is a "white penny," coined long before the civil war. Canadian money is often found in cash boxes. The coins the Ohio Electric loses money, because of the present exchange rates.

MEMORIAL COMMITTEE TO AID HOSPITAL MOVEMENT

Decision to work with the board of trustees of the City Hospital and to stand behind any action they may take regarding the new hospital was arrived at Wednesday night by members of the Allen-Go Memorial committee. It has been decided that the name of the building will be "The Memorial Hospital," in honor of the soldiers and sailors of the past wars. Carl H. Griebeling is the chairman of the memorial committee.

The trustees of the hospital will hear a report of the ways and means committee Thursday night at their regular meeting at the hospital.

COUNCIL WILL TAKE UP O. E. VALUATION

Council, in adjourned session Friday night, is expected to take up the findings of engineers of the state public utilities commission on the valuation of the Ohio Electric property here.

Upon the valuation will eventually depend the fixing of future service rates. It is possible that council may engage an engineer to check up the figures submitted to the state board.

MAYER CALLS MEETING OF SHORT SHIP CIRCUIT

M. L. Mayer, president of the Northwestern Ohio short ship circuit, has called a meeting of members to be held at Findlay Saturday morning at ten. The speed committee of the Allen-Go Fair will meet with them and arrange the stakes for the meeting here in the fall. All but one of the stakes for this meet have been guaranteed and present indications are that this one will be underwritten by a number of public spirited men under the title of "The Allen-Go Fair Hoosters Stake."

Trip by Water from Baltimore California

W. F. Hoover, president of Hoover-Bond Co., who, with Hoover, is now in California, a six weeks ocean trip from the Pacific coast, has written an interesting account of his trip to his states. In part he says:

"We left Baltimore January 1 at 1 p. m. on the S. S. Cuba. First stop was at Jacksonville, where we loaded 400 tons of steel pipe and 10,020 railroad ties for Panama railway. It required a day and a half to complete the loading and gave us a chance to visit the old San Marco castle as it is known to the Spaniards, we saw instruments of torture which were used in the early persecutions ranged from cells where light entered, to racks on which victims were torn limb from limb.

"Colon, at the Atlantic end of Panama canal, has been transferred from a pest hole into a most beautiful city. The homes are on posts to provide proper ventilation. Rain or wash day makes difference, as the wash can be run under the house. The government employees are furnished homes, rent free, and are permitted to purchase all supplies at cost from the commissary. The Y. M. C. and the K. C. have quarters and take fine care of the soldiers and sailors.

"Passing thru the canal was a great experience. Entering the locks, watching the great gates open, close, the motion of the boat as water enters or leaves the lock, the electric towing engines are very interesting to the passenger.

"At Balboa our ship was taken into the dry dock for repairs. Dock is the largest and most complete in the world. The next \$2,500 for 24 hours and an additional hour would cost \$1,000. Labor and materials were extra. Entire cost for the work on our best repair shops in the United States are here and are owned by the government. They can make any fair and even build a new ship for leaving we loaded 18 boilers, some weighing 13 tons, the large boxes of machinery were packed from England.

"San Juan del Sur, meaning John of the South, was reached third day out of Balboa. This town is a model of cleanliness, order, due to the work of Carl Mayer, a former consul for the United States who owns a large part of the property. We enjoyed a little more and were much interested by his experiences.

"Corinto, visited the next morning, was the exact opposite of Juan. The huts are squalid, dirty, filth is everywhere and opinion of Central American to suffer greatly. The one redeeming feature is the erectness of women when they walk. Carry their baggage on their backs, any American carriage that has any woman would envy.

"On the run to Amapala, Honduras, we saw whales and volcanoes in action. A whale spouted a series of water 20 feet high. Here we loaded a large amount of merchandise, this being an important port. The trip has been very interesting and quite instructive. We enjoyed every minute of it."

Aviator Sets Record on Ocean-to-Ocean Trip

JACKSONVILLE, Fla.—(By Associated Press.)—Lieutenant W. D. Coney, who started from Love field, Dallas, Texas, at 10:14 Central time, last night, on the last lap of his ocean-to-ocean flight, arrived at Camp Johnston, near here, at 7:27 o'clock this morning.

Lieutenant Coney's flying time from San Diego, Calif., according to a hasty unofficial compilation was 32 hours and 32 minutes for the 20,799 miles, an average of better than 83 miles an hour. The flying time from Dallas here was eight hours and thirteen minutes.

To complete his trip from the Pacific to the Atlantic, Lieutenant Coney passed over the city on his arrival and dipped down to scrape the landing wheels of his plane on the beach, then swooped up again and went to the landing field. His time is believed here to constitute a new record.

With the exception of two hours, the flight from Dallas to Jacksonville was made in darkness.

"Not until I was over Mobile, Alabama, did I see a light," Coney said after his arrival. At times, he added, he made a speed of 150 miles an hour, but that the average speed for the trip was approximately 100 miles an hour.

New Ribbons In Gala Colors

Sashes this season are the rage.. New spring ribbons offer a host of uses.. The smart new vestees and sashes for frocks and suits owe their charm in many cases to the fine brocaded satin ribbons in all the newest shades such as, Tangerine, Tomato, Carmel, Jade and Henna, also double faced satin and those adorable Roman Stripes in various widths up to 12 inches. Brocaded, jacquered ribbons are also very extensively used.

And for little girls there are delightful ribbons in innumerable shades, weights and widths, to make the pretty butterfly bows so fetchingly on their curls.

..When it comes to Ribbons remember Feldman's.

"UNSEEN FORCES" COMES TO LOCAL SCREEN SOON

Characterized As the Strangest Love Story Ever Told, With Strong Cast

Charlotte Greenwood Starring in "Linger Longer Letty" at the Faurot

(By Esther Wagner.)
THE strangest love story ever told on the screen is scheduled to appear in this city soon. "Unseen Forces" will be shown when Sidney A. Franklin's production, "Unseen Forces," will be shown. The story, as the title indicates, deals with the powers of institution. The brilliant cast of players who handle the leading roles is headed by actress Breamer, an Australian actress who has for some time been appearing in American audiences. Others in the cast include: one of the most popular leading men of the day, Robert (Tom) Lizard, and a popular comic actor and director, motion picture actor and director, Breamer is known as "Miriam." The childhood romance of Miriam and Clyde Brunner, who are now in love, but an unexpected incident separates them. Brunner marries another woman, and when he later meets Miriam, he realizes that he still loves her. Only a wonder could ever solve the heart-ache and love entanglements which surround this remarkable drama. This remarkable drama is timed with a tender, most carries a most comfort-

ing message to many. It is powerful and gripping and will hold spell-bound the most exacting audience. "Unseen Forces" will appear here soon. Watch for it.

Faurot—Charlotte Greenwood

PRECEDDED by the most enthusiastic and glowing accounts, following a remarkable engagement at the Fulton Theatre, New York, Charlotte Greenwood, the famous comedienne in Oliver Morosco's latest musical comedy, "Linger Longer Letty," will come to the Faurot for one performance next Monday night.

The event assumes far more than passing importance for the playgoer. A new Morosco musical comedy is always an interesting and welcome occasion in the theatre. The first visit here of Miss Greenwood has been eagerly awaited for it is stated that in "Linger Longer Letty" she is funnier than ever.

"Linger Longer Letty" is a sequel to the elongated comedienne's famous song and dance show, "So Long Letty." The book is by Anna Nichols, who is responsible for numerous successful comedies, lyrics by Bernard Grossman and music, of the jingly kind, by Alfred Goodman.

The story has to do with the trials and tribulations of Letty, who is one of a large family and is made the crutch of the family by her pleasure-loving sisters, because she is the only one who can cook and sew, she is tucked away in the kitchen until she finally rebels, goes out on a strike and starts on a social career of her own that leads into the funniest of complications and results in the cast surrounding Miss Greenwood, there appear such well-known musical comedy favorites, as

Mother!

Look at Child's Tongue

Give "California Syrup of Figs" only—Say "California"

When your child is pale, listless, nervous, full of cold, and doesn't sleep, or act naturally, don't let the little stomach, liver and bowels need a gentle, thorough cleansing at once. Give a teaspoon of California Syrup of Figs and a few hours later the constipated, bloated, undigested food, and sourly pass and you have a well, bright again. Mothers can rest easy after giving this harmless laxative because it never fails. Children dearly love its delicious "fruity" taste. Full directions for babies and for children of all ages printed on each bottle. Beware of counterfeits. Mother, you must say "California." If you don't say "California" you may get an imitation fig syrup.

RUMOR SAID AT THE COURT HOUSE FRIDAY AND SATURDAY.

DR. DANIEL G. CAREY, OF ELMIRA, N. Y., EMINENT KIDNEY SPECIALIST, RETIRES

Leaves His Famous Prescription, No. 777, "Marshroot," To The World. Says It Has Helped Thousands. Druggists Told To Guarantee It In Every Instance

A brilliant physician, a diligent student, and, above all, a man of great intellect, he made the study of these diseases his life's work.

During his forty years of constant practice Dr. Daniel G. Carey devoted almost his entire life to the study of this most important branch of medicine and his success, as is well known, was almost phenomenal.

If Dr. Carey never did anything else in his long, praiseworthy career but discover Marshroot, his fame would live long after his useful life had ended.

Watch the symptoms which Dr. Carey's advice. The faintest signals often indicate that the kidneys are ailing and need attention. Dry skin, for instance, and little spots floating before the eyes. Sometimes the feet feel heavy as if your shoes were full of lead. Often the joints ache or you have quick, darting pains shooting through the back or side. Then again that frequent desire to empty the bladder, cold chills, and just a little puffiness under the eyes. Occasionally the hands or feet swell slightly and the palms of the hands are moist. Don't neglect them—you cannot afford to take any chances with your kidneys.

If you ever have the faintest suspicion that your kidneys are weak or your bladder irritated the wisest thing you can do is to get a bottle of Dr. Carey's Marshroot prescription at once. Many thousands of cases could have been helped by Marshroot if taken in time.

Hereafter you can always get this effective prescription at Hunter's Drug Store and all reliable pharmacies throughout the country. Keep in mind the name Dr. Carey's Marshroot Prescription No. 777. No other medicine can take its place.—Advs.

Tuesday, Miss Melba Hiltart, N. Union-st., welcomed the members of the Utility club at her home. The affair was in the form of a "kid" party and all kinds of childish games and music were indulged in. Mrs. G. W. Highfield, Mrs. Roy Coffman and Mrs. R. D. Chamberlain were successful in cleverly arranged contests.

Later guests were invited into the dining room which was decorated in red, white and blue, symbolic of Washington's birthday. Centering the dining room table was a dainty kewpie garbed in a Martha Washington costume. Ribbons tied with a fortune for each were extended from the doll. An elaborate three course luncheon was served by the hostess, assisted by her mother, Mrs. J. E. Hiltart.

Present were Mrs. T. E. Broadbeck, Mrs. R. D. Chamberlain, Mrs. Ray Coffman, Mrs. Henry Kerwin, Mrs. G. W. Highfield, Mrs. Tarry Lefel, Mrs. Eva Sherrick, Mrs. J. E. Hiltart and the hostess.

A very pretty and elaborate affair was held at the home of Mr. and Mrs. Harry J. Rotholz, 12 Kibby-st. Wednesday evening, when they entertained with a dinner dance. Primroses and tulips were artistically used throughout the rooms. A delicious dinner was served in the dining room which was decorated in pink and white, clever place cards marking each cover. The remainder of the evening was enjoyed in music, dancing and singing.

Guests were Mr. and Mrs. Howard Keller, Mr. and Mrs. Perry Roeder, Mr. and Mrs. E. A. Daymon, Mr. and Mrs. R. E. Glover, Ruth Verbrake and Dale Bowholtz.

Mrs. E. A. Daymon and Mrs. Ed Blaire returned Wednesday from Dayton, where they visited with Mr. and Mrs. John Leatherman.

HUSBAND IS ANXIOUS TO REUNITE HIS FAMILY

(By SUSIE SMART)

Dear Miss Smart:

I am a lonely man and would like your advice. I have two children, one six and the other four. The one of six is with me. The other is with my wife. I love her more than words can tell, but other people have taken her away from me. I have given her all the money I have earned, except for my clothes and smoking tobacco. I want my little ones and my wife all together.

I NEEDED I feel sorry for you if you are really as unhappy and depressed as your letter indicates.

Not many men would be so loyal to a wife and retain so much love for her after being betrayed, as you have.

Your wife is certainly very unappreciative of your apparently splendid qualities and of your devotion for her. She should not be so blind and so weak as to permit herself to be led away from a good husband.

Appeal to her again. Point out to her that she is not doing the proper thing and that her place as a wife and mother should be with her husband and children. Show her that none of you can enjoy real happiness until you are all once more united.

Dear Miss Smart:

(1) Will you please tell me how to get a real nice boy friend and go with him steady. It seems as tho I cannot get a boy friend. I am red-headed and the boys do not seem to care for red-headed girls like they do for the brunette and blonde girls. (2) Is tobacco dust injurious to the bronchial tubes? (3) Do you think black is becoming to a girl of 19 years.

Miss C. S.

(1) Boys are not objects to be "gotten." Do not try to "get" a boy friend. The harder you try the more discouraged you will become. And the more difficult you will find the task. Do not feel that it is because you have red hair that no boy has been attracted to you. That is very foolish. There are a number of very pretty, attractive girls with red hair. Just forget about the boys, be natural in your ways and soon some boy will be attracted to you. (2) Yes, because it contains nicotine, which is very injurious. (3) Of course, too much black tends to make one look older, but many young girls wear a great deal of it. Your complexion should also be considered. Many people do not look well in black.

Dear Miss Smart:

Will you kindly tell me how to remove stamping marks from a piece of linen?

Young Wife

An ordinary stamp mark may be removed by boiling the linen in soap suds with a little turpentine has been added. If you do not receive results from this, you might try an ink eraser which you can buy at almost any drug store.

Dear Miss Smart:

Will you kindly send me the ages and addresses of the following: (a) Harold Lloyd, (b) Conway Tarrle, (c) Wallace Reid, (d) George Walsh, (e) William Duncan, (f) Viola Dana, (g) Alice Brady, (h) Norma Talmadge, (i) Constance Talmadge, (j) May Allison, (k) Mary Miles Minter, (l) Ethel Clay.

These people have been causing trouble for five years. Two years of married life was great and grand and of late there has been lots of trouble for me all thru another man and other people. What do you think of it? I have offered to go any place where she wants. I want the bible for our guide and she don't like it. May God in Heaven help you give a true opinion.

THE PARADISE MYSTERY

By J. S. FLETCHER

"Whom?" inquired Harker. "There are five of them at it, now," answered Bryce. "Mitchington, a man, now one of the cathedral choir, a stranger and the Duke of Saxonsteade. What do you think of that?"

Harker suddenly started as if a new light had dawned on him. "The Duke?" he exclaimed. "You don't say so? Can it really be? Up to me, never thought of it!"

"Thought of what?" demanded Bryce.

"Never mind; tell you later," answered Bryce. "At present, there is no chance of getting a look at them."

"What I came for," retorted Harker. "I've been watching them, and you put me up with young Bewery. I want to see if I can know the man who's a stranger."

Harker crossed the room to a chest of drawers and after some rummaging found something out.

"Here!" he said, handing some money to Bryce.

"Those shoes—over your boots. They're over shoes—you could walk in them over shoes of your bedroom and she'd never hear you. I'll take care of them. A stranger, you say? This is a proof that somebody knows the secret of that scrap of paper besides you, doctor."

"They don't know the exact spot," answered Bryce, who was chafing at being done out of his discovery. "But they'll find it, whatever it is."

Harker went back to Paradise and to the place where he had left Bryce. Bryce, whom they approached, who was Dick, knew he was at the side of Harker, after one glance at the ring of faces, drew Bryce back and put his lips close to his ear and uttered a name in an almost imperceptible yet clear whisper.

"Glassdale!"

Bryce started for the third time. "Glassdale!" the man whom Harker had seen in Wyrechester within an hour of the death of Braden—the man who had forgone the Duke of Saxonsteade's name, and who, standing apparently at his side, was the Duke's side! What did it mean?

There was no explanation of what Bryce had heard from the men whom Bryce and Harker and Dick had secretly watched from behind the screen of cypress trees. For a moment watched in silence, or with a more than a whispered word now and then, while the fifth worked. The man worked methodically, replacing each stone as he took it and examined the soil beneath it. He was nothing had resulted, but he was at that time working at some distance from the tomb, and Bryce, who had unconsciously appreciated the value of where the spot might be, was in the measurements on the scrap of paper, nudged Harker.

"Glassdale!"

"I say, Bewery!" he said. "Going to tell all that?"

Harker got in a word before Dick could answer.

"No matter if he does, doctor," he remarked quietly. "Whatever it is, the whole town'll know of it by tomorrow. They'll not keep it back."

Bryce let Dick go, and the boy immediately darted off in the direction of the close, while the two men went toward Harker's house. Neither spoke until they were safe in the old detective's little parlor, then Harker, turning up his lamp, looked at Bryce and shook his head.

"It's a good job I've retired!" he said, almost sadly. "I'm getting too old for my trade, doctor. Once upon a time I should have been fit to kick myself for not having twigged the meaning of this business sooner than I have done!"

"Have you twigged it?" demanded Bryce, almost scornfully. "You're a good deal cleverer than I am if you have. For hang me if I know what it means!"

"I do!" answered Harker. He opened a drawer in his desk and drew out a scrap-book, filled as Bryce saw a moment later with cuttings from newspapers, all duly arranged and indexed. The old man glanced at the index, turned to a certain page and put his finger on an entry. "There you are!" he said. "And that's only one—there are several more. They'll tell you in detail what I can tell you in a few words and what I ought to have remembered. It's fifteen years since the famous robbery at Saxonsteade which has never been accounted for—robbery of the duchess's diamonds—none of the cleverest ever known, doctor. They were got one night after a grand heist there; no arrest traced. And I'll lay all I'm worth to a penny-piece that the duke and those men are gladdening their eyes with the sight of them just now!—in Mitchington's office—and that the information that they were where they've just been found was given to the duke by—Glassdale!"

"Glassdale! That man!" exclaimed Bryce, who was juggling his brain over possible developments.

"That man, sir," repeated Harker. "That's why Glassdale was in Wyrechester the day of Braden's death. And that's why Braden, or Brake, came to Wyrechester at all. He and Glassdale, of course, had somehow come into possession of the secret, and no doubt meant to tell the duke together, and get the £5000 offered. And, as Brake's dead, Glassdale's snooker, but—here the old man paused and gave his companion a shrewd look—"he question still remains: How did Brake come to his end?"

HER OWN CAREER

By PHYLLIS PHILLIPS

THE NEW FERN

Manuel Lopez was a frequent caller at the studio, dropping in at all hours of the day or evening, and quite evidently infatuated with Fern. John Neale had become absorbed in his work, and the girls did not see him very often, after the night of the opening of the Little Theater. He explained to Gwendolyn that for the next few weeks he expected to be pretty well chained to his office desk with no time for gallivanting whatsoever.

In the meantime Fern had become a changed person. She positively bloomed and glowed like some strange passion flower as the days brought with them their inevitable visits from Manuel. The very quality of her voice changed in some mysterious manner, and she seemed absurdly happy about something all the time.

"Never felt quite as I do now in all my life," she confided to Gwendolyn one night after Manuel had departed. "Feel so glorious and so sort of light and exalted in here, pointing to her heart. 'Did you ever feel that way, Gwendolyn?'"

"No, can't remember ever having done so," she responded, with a new note of envy in her voice. "But being with Manuel certainly agrees with you, Fern; you're not the same girl that you were a few weeks ago at all. You were getting pale and morbid—now—"

"And, oh, thank goodness, I am not the same Fern as that one either! I never felt really happy then, and now, Gwendolyn, I feel like singing all day long. When I wake up in the morning I am so happy all thru that I could fly. It's the strangest feeling. And even when I walk along the street, just feel as if I could fly or sing or even cry or something. I don't know what it is I want to do, but I feel spurred on and exalted."

"You are not forgetting that we have a party due in our own studio the 29th, which happens to be Sunday after next, are you?" asked Gwendolyn suddenly.

"Not a bit, and I want to look my most beautiful, Gwendolyn, so that Manuel will have fond memories of me to carry back to his women and his home. I must be beautiful and you will help me, won't you, dear? The time is not long now before he will be gone, and then I shall feel quite lost, I think."

"There's always Fedy," answered Gwendolyn. "He is due back from his Gethsemane very soon now, and no doubt he will be very happy to see us again after his bad time at home."

"Fedy, to be sure, there is Fedy," murmured Fern without enthusiasm. "But Fedy refused to mean much in my life and now, well, time is flying, always, darling, and women have to make the most of it, after all, eh?"

Healthy Young Womanhood

THE tendency to constipation begins with girls as they approach maturity, and that is the very time the mother should watch that the important function of daily elimination is regular and normal.

Many thousands of mothers who have daughters will tell you they give only Dr. Caldwell's Syrup Pepsin. A teaspoonful is sufficient to relieve constipation and its commonest symptoms such as headache, bad breath, biliousness, loss of appetite and restlessness.

Syrup Pepsin is a compound of Egyptian Senna and other simple laxative herbs with pepsin and pleasant-tasting aromatics, and a thirty-cent bottle is enough for many months. Eight million bottles were bought at drug stores last year, the largest sale of the kind in the world. Dr. Caldwell's Syrup Pepsin has been on the market thirty years and there must be genuine merit behind it to develop so large and steady a sale. Buy a bottle today and you will quickly see why it is so popular.

Ft. Recovery Youth Pleads Guilty to Vandal Burglary

CELINA (Special) — Satei A. King, 19, Ft. Recovery youth, was arrested on a burglary charge, pleaded guilty and was bound over to the grand jury under \$300 bond.

It is said that with a pal, King broke into the Anthony King home at Ft. Recovery and stole and destroyed property. Mrs. King died last fall and the husband closed the home and went to Dayton to live with his children.

Eye witnesses said the home had the appearance of having been used by several persons for some time. Table linens, bed clothes and other household property were found in an out building in another part of the town.

BENNY LEONARD AND JOE WELLING TO FIGHT TONIGHT IN ST. LOUIS—PLAYERS BEGIN SPRING TRAINING IN SOUTH—CUBS LEAVE TODAY

BENNY LEONARD AND JOE WELLING ARE TO BOX TONIGHT

ST. LOUIS.—Benny Leonard, the lightweight champion, and Joe Welling, of Chicago, had rounded out their training program and were resting today for their second meeting, an eight round, no-decision bout here tonight.

Arrangements for the match were concluded yesterday with the selection of Walter Heister, of St. Louis, as referee.

James "Shun" Brennan had been brought here by Leonard and his manager, Dave Gibson, to handle the bout, the latter stating he wanted to protect the title holder's interests to the extent of insuring the presence of a capable official.

ALL ARE SATISFIED

Following a conference with local men here, it was stated he was satisfied with Heister.

Both Leonard and Welling have continued their training activities to date, and both are in excellent condition. They are meeting at catch weight.

GOPHERS WIN 'NOTHER ONE FROM CHI

MINNEAPOLIS, Minn.—The Minnesota Gophers, who last night administered another setback to Coach George S. Chicago, won the 24 to 19. It was a rugged game, with the Gophers making a majority of their points by long, sensational shots from almost every position on the floor.

In the first half, Minnesota went along nicely against the time-outs, the count being 13 to 4 at the end of the period, but the Chicago guards played sensational ball in the last half and stopped almost every Gopher who came down the floor.

One sensational floor work and defensive play had a lot to do with Minnesota's victory. The lineup:

CUB PLAYERS OFF TODAY FOR WEST

CHICAGO.—Chicago's baseball season of 1921 really opens today, when Johnny Evers, new manager of the Cubs, accompanied by a squad of 15 young players departed for St. Louis, Mo., from the Dearborn hotel for the training camp in California. They will arrive at the Santa Catalina Islands Sunday afternoon, and Monday morning the squad will get in shape for the opening championship race.

After a week on the island, the squad will move to the regular training camp at Pasadena, where it will be joined by the balance of the squad, which will leave here March 1. Following that, there will be about five weeks of practice on the field and a week remaining to get back here for the opening game of the season against St. Louis on April 17.

SCORE GO TO CATALINA

There will be nearly 20 players in the advance work on Catalina Island, and so eager for the start of the season were the members of this squad that every one of them reported yesterday, a day in advance of the start. Most of the squad will consist of pitchers and catchers, who will have the advantage of the extra week of work to get in shape for the first exhibition games against the Pacific Coast league teams.

Including Manager Evers, his wife and young son, Coach and Scout Jack Doyle, Trainer Brady, and a squad of newspaper men, there will be 23 in the party accompanied today by Manager Evers.

HERE ARE THE EARLY BIRDS

The players who will leave with the squad are:

Pitchers: George Tyler, Abe Lincoln Bailey, James York, Percy Jones, Alex Freeman, James Coble, Harry Weaver, Earl Hanson, and Hank Meyers, Catchers: Bob O'Farrell and Tom Daly, Manager Evers, Trainer Brady, and Coach Doyle.

At Kansas City late tonight, the squad will be increased by Pitchers Cheever and Fehr and on the coast by Grover Alexander, Jim Vaughn, and Speed Martin, pitchers, and Catchers Bill Killefer and Everett Gomes, a youngster who showed well in trial last fall.

Secretary John Soss, probably accompanied by President Vecek, will leave a week from today with the balance of the squad to open the training camp at Pasadena.

PLenty OF TRAINING GAMES

About 25 games will be played by the club regulars before they are compelled to open the regular season, and by that time Manager Evers expects to have a team in shape to fight.

Evers' greatest problem appears to be at first base, where several young candidates are slated to try for the place filled by Fred Merkle, the veteran regular this winter. At present Turner Barber, who performed at the spot many times last year, seems the most likely man, but there are some five young fellows after it, and if one of them can fill in Barber can be used to advantage in the outfield.

SOX YAN TO LEAVE MARCH 4

At White Sox headquarters yesterday it was stated that Manager Gleason was expected here March 2 to start for the Texas camp two days later with a bunch of pitchers and catchers. This squad will be followed by the regulars a week later, Coach Connelly, who recently returned from a vacation in Florida, is preparing to go to the training camp himself.

PROGRESS OF SPORT MAY BE SHOWN

CHICAGO.—Promoters of Chicago's pageant of progress, programmed for July 30 to August 14 next, on the municipal pier and planned to the municipal pier and planned to the municipal pier.

Mr. Johnson today wrote letters to directors of the pageant, arguing that they plan a fitting recognition for the league's teams.

At dinner tonight, promoters plan to perfect their program. Governors from 29 states will be represented at the display, according to letters of acceptance.

REDS HOLD OUT '21 CONTRACTS

CINCINNATI.—The annual battle between the Cincinnati National League club and some of its players over their contracts now is on in full blast.

Heinie Groh, Larry Kopf, Jake Daubert, Eddy Roush, Ivy Wingo and Sam Crane still are unsigned.

PLAYERS ARE ASKING FOR MORE COIN

By HENRY L. FARRELL.
(United Press Staff Correspondent.)
NEW YORK.—Mule skinner in the army used to say that the long-cared Missouri equines were the most uncertain things in the world.

A couple of baseball managers in New York might advise the mule handlers to take the reins of a baseball club if they want some real trouble.

HERE'S TWO HOLD-OUTS

George Kelly of the Giants and Bob Meusel of the Yankees, are hold-outs today. Hold-outs are not unusual things at this season of the year.

It is not so much the act of grabbing for large money that is making the New York managers peeved as the ones who are doing it.

KELLY WANTS MORE

No major league ball player wants more money or more help than McGraw gave George Kelly, the tall, awkward baseman. When the stands were roaring Kelly and calling him impossible, when he was making errors and fanning in the pinches, McGraw stood by him and encouraged him until he made a fair ball player of him. Kelly is holding out. He wants more money.

Bob Meusel's case is just as peculiar. If he didn't have a 223 lick in his bat no manager in the league would stand for him. Manager Huggins tried him every place but behind the bat and found that he was terrible in every position but first base.

NAME ASSISTANT FOR TY COBB

CLEVELAND.—Freddy Livingston, veteran catcher, has been signed by President Naylor to help Ty Cobb coach the Tiger pitchers on the southern training trip. The question of whether Livingston would stick with the club through the playing season, was left open for decision at the end of the trip.

PITCHERS SHOW GOOD FORM

LAKE CHARLES, La.—With the arrival of Pitchers Scott Perry, Ray, Higbee and Roy Moore, the battery staff of the Athletics has been completed and full training is now under way.

Manager Mack is pleased with Ray, a rookie pitcher who has been showing some power with the bat. Mack announced today he would drop seven of his 12 hurlers on the return of the team to Philadelphia.

Perry, Rummel and Harris look the best among the pitchers, he said.

TOMMY MILTON TO DRIVE IN INDIANAPOLIS AUTO RACE

INDIANAPOLIS.—Tommy Milton, the Speed King of the world, has entered the Ninth Annual 500-mile Sweepstakes to be held at the Indianapolis Motor Speedway, Monday, May 30th.

He will pilot a Durant Special owned by Cliff Curant, millionaire race enthusiast, who, in the past, had driven his own racing creations but who, it appears, will get his thrills watching Milton urge his speed creation over the bricks of the Indianapolis Speedway, for Milton's racing life has been one thrill after another.

Milton made the fastest automobile trip ever negotiated by mortal man when he finished a racing car over the sands of Daytona Beach, Florida, at the astounding speed of 156.04 miles per hour. And as a thrilling finale to the great feat Tommy's car caught fire while he was travelling at this unheard of speed and he calmly drove it into the ocean and escaped with but a few minor burns.

PILLS A DARING STUNT

The year before, at Uniontown, he gave a mastery exhibition of handling a mount under difficulties when his car caught fire and wound up its career in a blazing mass of flames in front of the grand stand. When the car caught fire, instead of driving straight ahead, in which event the flames from the burning engine would have incinerated him where he sat, he skidded his car sideways, fanning the flames away from him, and so brought his car to a stop with only a few scorches to show.

He has always been on the job with quick wits whenever the occasion demanded and is one of the most skilled drivers in the racing fraternity.

IS GOOD MECHANIC

Tommy is a thoro mechanic as well as a great driver and he always knows just how far to push his mount. In the Indianapolis event last May there were many cars that were miles-per-hour faster than his. Duesenberg, but he plugged along thruout the event, keeping an even gait and except for his monotonous regularity would have been unnoticed.

Toward the end of the 500-mile jaunt, when other cars were breaking down under the scorching heat, Milton was still full of gas at the same speed and he rushed under the wire for third money.

HE STANDS SECOND

Tommy Milton stands second in the 1920 racing championship conducted by the American Automobile Association, with 930 points Milton is second to the late Gaston Chevrolet, and who was killed in the final race of the season at Los Angeles.

Milton is always a favorite around the race tracks, he is a clean cut young chap with a youthful and pleasing smile.

He was married shortly after the last Indianapolis race and makes his home in St. Paul.

Carl Wellman

AMONG the well known faces which will be missing when the big league teams fire their opening volleys in April will be the smiling one of Carl Wellman, elongated pitcher of the St. Louis Browns for many seasons.

Wellman has written the Brown officials that in view of his poor health he believes it would be unwise to go thru another summer campaign on the mound.

HAS GOOD RECORD

When Wellman was right he deserved the title of one of the best southpaws in the big show. He broke into the game with the Richmond, Ky., club in the old Blue Grass league back in 1909. The next season found him with the Charleston club and in 1911 he played with Flint in the South Michigan league.

He broke away from the league game the following season, playing with an independent outfit. It was while he was hurling for Marysville, Ky., in 1912, that Scout Charley Barrett looked him over and decided that he had big league stuff. The Brown owners acted on Barrett's opinion and Wellman became a member of the St. Louis club.

BECAME REAL STAR

Despite the fact that he served his entire career with a second-rate club which was constantly flitting with the cellar, Wellman became a real star. In 1914, for instance, he hung up eighteen victories and fourteen defeats and allowed a little bit better than two earned runs per contest—which is stepping right along for a southpaw.

In the last campaign he started with a victory over the White Sox, but was unable to hurl many contests.

Wellman is now in business in his home town of Hamilton, O., and intends to remain there if his health permits.

LOCAL TEAM IS REGARDED AS ONE OF STRONGEST IN OHIO

Three Allen-co teams, Lima Central, Lima South and Spencerville, left today for Delaware to take part in the State basketball tournament which opens there tomorrow morning.

Central is going to make a supreme effort this year to cop the state championship. This year Central has a better chance than ever before to grab the title and the team is determined to do its best.

All men are in excellent condition. Injuries that were received by several men last week have completely healed and they are ready to put on the supreme battle of the season. The team has observed strict training rules for several weeks and they will be able to play a whirlwind game thruout the tournament.

CENTRAL PLAYS FRIDAY

Coach Detrick of Central, stated Wednesday that his hope was that there were about twelve teams that are on a par or better than Central. There are now over 80 teams entered in the Northern Division so Central has a chance of drawing one of 72 teams that they can defeat. The drawing will be held late Thursday night and Central will play their first game Friday morning.

The men that will fight for the championship will be Dille and Lutz, forwards, Capt. Laughlin, center, Devoe and James, guards with Douglas and Mitchell as utility men. Dille, Laughlin, James and Douglas have played at Delaware before and will not get rattled at the prospect of playing for a title as Central did last year. Devoe and Lutz are both steady players and will be able to play their usual brilliant game at the tournament.

HOLD MASS MEETING

A rousing mass meeting was held Wednesday at Central to give the men a good send off. Scores of fans will accompany the team to Delaware. Central has the reputation of being an excellent team. They are regarded by critics to be a "dark horse" in the tournament. Fans are pulling for them and have confidence in them to win the title. It is the team's supreme chance and it is their duty to play their hardest and bring back a title.

South's chances are also good this year. They have improved considerably in the last two weeks and with Capt. Brookhart back they should

BILL CUNNINGHAM AT DELAWARE TO WRITE FOR THE LIMA NEWS

BILL Cunningham, assistant sporting editor of The Lima News, left with the Lima teams for the state high school basketball tournament at Delaware early this morning and will write the latest news of local teams for this paper.

Scores of each game which South and Central plays will be sent after each game.

prove a stumbling block to the majority of teams entered in the class.

The South has not won so many games this year, they proved what they could do in the South-Central game and with this ability used at Delaware they should come thru a victor.

SOUTH IN GOOD SHAPE

All South men are in good training and have no serious injuries. The student body is strong. Behind South and the team is determined to go better than they did last year when they played two games.

Spencerville is expected to surprise a number of teams at the tournament. They did not win their own tournament and are not considered as a champion possibility they have a remarkably fast, clever team. They play together like a well oiled machine and have an excellent scoring machine.

Spencerville will use their regular men and will gain invaluable experience from the tournament. If they have a little luck in the drawing they should go thru to the semis or the finals.

STOCK MARKET ON DOWN MOVE

Voluntary Liquidation Seen in Selling of Specials

NEW YORK — Selling of special issues which bore the marks of involuntary liquidation attended the stock exchange today. Sears-Roebuck, yesterday's favorite, sustained an initial decline of 4 points. Kelly-Springfield reacted to the same extent and other rubber issues, as well as accessories, developed increased heaviness. Shipments and earnings were reported by Atlantic Gulf, Gulf Fruit, Mexican Petroleum, Gulf and Texas Company, and lower by 1 to 1 1/2 points and others reacted to the same extent. Losses were confined to the morning.

Developments of the morning were altogether favorable to the market. A 20 percent reduction in the price of the largest dividend paid by a stock, the quarterly dividend of the American Agricultural Chemical Company, was current of similar changes in other quarters. Equipment, fertilizer, and other chemicals, developed increased heaviness. Shipments and earnings were reported by Atlantic Gulf, Gulf Fruit, Mexican Petroleum, Gulf and Texas Company, and lower by 1 to 1 1/2 points and others reacted to the same extent. Losses were confined to the morning.

Primary industrial readjustment, increased suspensions and lack of confidence, gave the shorts an edge in the stock market. Some losses ranging from 2 to 3 points. Sales approximated 100,000 shares.

The closing was heavy.

AUTO SHOW DRAWS LIKE A MAGNET

Visitors From Far and Near Flock to the Exhibit

Two large hot air furnaces installed by the Holland Furnace company Wednesday, insure comfort and warmth on the third floor of the Lima Motor Car company, where Lima's auto show is now being held. Breakdown of the regular steam apparatus necessitated the installation of additional furnaces, supplied quickly and without cost by the Holland company.

Dealers and show officials were jubilant Thursday morning over the fine attendance of the previous day. Out-of-town visitors, here for the Dollar Day bargains, helped to swell considerably the door receipts, officials admitted.

Noticeable Wednesday night, more than the previous day, was the increase of sale signs appearing on automobiles on display.

Lima Automobile club officials are making an extensive campaign for new members. One thousand is the mark set by the officials. As a part of their efforts in this line, a large sign, "Join the Lima Automobile club," is the first big sign to greet the visitor's eye at the main entrance.

Signs, bearing the caption "No Smoking," which appeared on the walls Wednesday, for the first time, a blow to the men who feel they can't do without the weed.

FLIVVER SKIDOO ORDER DEBATE

Grange Folks to Decide Question of Abolishment

ADA—(Special)—"Resolved that the flivver should be abolished," will be the important question to be debated Tuesday night at Pleasant Hill Grange, Huntersville. An imposing array of dignitaries from among the grange's membership has been chosen to argue the matter. The affirmative will be sustained by Frank Kahler, deputy master for Hardin county of the Ohio State Grange and C. C. Runser, president of the county board of education. The flivver will be defended by Lewis C. Orth, secretary of the Ohio Rambouillet Breeders' Association, and by James M. Hively, president of the Hardin County Wool Growers' Association.

Others were installed at the meeting last Tuesday night Refreshments were served by a committee, Mrs. W. G. Shanks, Mrs. D. F. Van Atta, and Mrs. L. C. Orth. Mrs. Nelson L. Johnson gave two very fine violin selections.

The officers are Alfred Kahler, master; M. C. Mathews, overseer; Wheeler McMillen, lecturer; Frank Funder, secretary; C. C. Runser, steward; Nelson L. Johnson, assistant; Mrs. Edna McMillen, lady assist.; Mrs. Hattie Hively, chaplain; Alex Orth, gatekeeper; John D. Hively, treasurer; Irene Huggett, cress; Nina Wells, flora; Correne Kahler, pomona.

DEMAND FOR USE OF MEMORIAL HALL GROWS

Meetings of all kinds, at Memorial hall are more numerous so far this year than for the same period last year, according to D. W. Dorris, custodian.

In the month of January, an even 50 meetings of all descriptions were held in various parts of the structure. These assemblies made necessary the removal of chairs from the main auditorium 16 times.

Up to Thursday, use of the various parts of the hall had been granted to 48 different parties including arrangements made for those up to the last day of the month. Since February has three less days than January, this month's use of the building surpasses the first month of the year.

LIMA RELIGIOUS BODY OUTLINES FUTURE PLANS

A. S. Chonoweth was made temporary chairman and L. C. Brentlinger secretary of the Lima Council of Religious Education at a meeting held Wednesday evening at the Y. M. C. A.

Plans outlined by F. C. Kattner, director for this district of the Ohio Sunday School association, were enthusiastically received. The council, composed of members of the local churches, hope to employ a trained vacation Bible school supervisor to oversee a number of summer schools for children. In the fall a night college with meetings once a week will be opened to train young people from the churches for service in their own organizations.

A religious census was also considered. This has been done in other cities and it is planned to make it a regular occurrence every two or three years.

BURNS TO DEATH

Aged Ohioan Dies as Home is Destroyed

HUNTINGTON, W. Va. — (By United Press) — Frank Forney, aged 76, Civil War veteran, was burned to death when fire destroyed his cottage, and two adjoining houses in Chesapeake, Ohio, directly across the river from here, last night.

The fire, which started in Forney's home, had spread almost entirely thru the three rooms before it was discovered. Garland Gillen, one of the first to arrive at the scene of the blaze, made a valiant effort to save the old veteran, but was forced by the flames. An exploding lamp is believed to have been the cause of the fire.

The damage was estimated at \$10,000.

FUN FOR WOMEN TO DIAMOND DYE OLD THINGS NEW

Add Years of Wear to Faded Garments and Draperies for Few Cents

"Diamond Dyes" Never Streak, Spot, Fade, or Give That "Dyed-Look"

Lima women can do wonders with a package of Diamond Dyes. AUTO SHOW DRAWS LIKE A MAGNET

Visitors From Far and Near Flock to the Exhibit

Two large hot air furnaces installed by the Holland Furnace company Wednesday, insure comfort and warmth on the third floor of the Lima Motor Car company, where Lima's auto show is now being held. Breakdown of the regular steam apparatus necessitated the installation of additional furnaces, supplied quickly and without cost by the Holland company.

Dealers and show officials were jubilant Thursday morning over the fine attendance of the previous day. Out-of-town visitors, here for the Dollar Day bargains, helped to swell considerably the door receipts, officials admitted.

Noticeable Wednesday night, more than the previous day, was the increase of sale signs appearing on automobiles on display.

Lima Automobile club officials are making an extensive campaign for new members. One thousand is the mark set by the officials. As a part of their efforts in this line, a large sign, "Join the Lima Automobile club," is the first big sign to greet the visitor's eye at the main entrance.

Signs, bearing the caption "No Smoking," which appeared on the walls Wednesday, for the first time, a blow to the men who feel they can't do without the weed.

FLIVVER SKIDOO ORDER DEBATE

Grange Folks to Decide Question of Abolishment

ADA.—(Special).—"Resolved that the flivver should be abolished," will be the important question to be debated Tuesday night at Pleasant Hill Grange, Huntersville. An imposing array of dignitaries from among the grange's membership has been chosen to argue the matter. The affirmative will be sustained by Frank Kahler, deputy master for Hardin county of the Ohio State Grange and G. C. Ruser, president of the county board of education. The flivver will be defended by Lewis C. Orth, secretary of the Ohio Rambouillet Breeders' Association, and by James M. Hively, president of the Hardin County Wool Grower's Association.

Others were installed at the meeting last Tuesday night. Refreshments were served by a committee, Mrs. W. O. Shanks, Mrs. D. E. Van Atta, and Mrs. L. C. Orth. Mrs. Nelson L. Johnson gave two very fine violin selections.

The officers are Alfred Kahler, master; M. C. Mathews, overseer; Wheeler McMillen, lecturer; Frank Luser, secretary; C. C. Ruser, steward; Nelson L. Johnson, assistant; Mrs. Edna McMillen, lady aux.; Mrs. Hattie Hively, chaplain; Alex. Orth, gatekeeper; John D. Hively, treasurer; Irene Huggatt, eeres; Nina Wells, flora; Correne Kahler, pomona.

DEMAND FOR USE OF MEMORIAL HALL GROWS

Meetings of all kinds, at Memorial hall are more numerous so far this year than for the same period last year, according to D. W. Morris, custodian.

In the month of January, an even 50 meetings of all descriptions were held in various parts of the structure. These assemblies made necessary the removal of chairs from the main auditorium 16 times.

Up to Thursday, use of the various parts of the hall had been granted to 48 different parties including arrangements made for those up to the last day of the month. Since February has three less days than January, this month's use of the building surpasses the first month of the year.

LIMA RELIGIOUS BODY OUTLINES FUTURE PLANS

A. S. Chenoweth was made temporary chairman and C. Breathing secretary of the Lima Council of Religious Education at a meeting held Wednesday evening at the Y. M. C. A.

Plans outlined by F. C. Kattner, director for this district of the Ohio Sunday School association, were enthusiastically received. The council, composed of members of the local churches, hope to employ a trained vacation Bible school supervisor to oversee a number of summer schools for children in the fall a night college with meetings once a week and to be opened to train young people from the churches for service in their own organizations.

A religious census was also considered. This has been done in other cities and it is planned to make it a regular occurrence every two or three years.

BAYLY'S COMMITTEE IS READY TO RECEIVE VISITING LEGISLATORS

A committee consisting of from 35 to 40 members of the Chamber of Commerce, with George Bayly as chairman, will entertain members of the house finance committee of the state legislature when they visit Lima Saturday afternoon and evening.

The visitors headed by Rupert Betham, chairman will arrive in Lima aboard a special Ohio Electric interurban car early in the afternoon. After a visit to the Lima state hospital, they will be escorted to the Lima Club where they will be guests of the Chamber of Commerce at a banquet at 6 p. m.

Following a short entertainment after the banquet, they will return to Columbus.

BURNS TO DEATH

Aged Ohioan Dies as Home is Destroyed

HUNTINGTON, W. Va. — (By United Press).—Frank Forkey, aged 70, Civil War veteran, was burned to death when fire destroyed his cottage, and two adjoining houses in Chesapeake, Ohio, directly across the river from here, last night.

The fire, which started in Forkey's home, had spread almost entirely thru the three rooms before it was discovered. Garland Gillen, one of the first to arrive at the scene of the blaze, made a valiant effort to save the old veteran, but was forced by the flames. An exploding lamp is believed to have been the cause of the fire.

The damage was estimated at \$10,000.

MUTT AND JEFF—MUTT LEARNS ONE LITTLE THING EACH DAY—

SHORT SHAVINGS

Mr. Muzz—Anything in the news papers, dear?

Mrs. Muzz—Not much, love. Mrs. Gaybird, the well-known so ciety leader, having remembered

that she has not seen her daughter for the last five days, has notified the police that the girl is missing.

Two magnificently upholstered women, built on generous lines, as the auto ads say, were waiting in the theatre lobby while the crowds streamed by. There came a pretty girl so pretty indeed that everyone turned their heads to admire. As she passed the two women, one said: "She makes me just plain tired."

"I don't know," said the other. "she was a most beautiful creature."

"That's just it," replied the first. "I have arrived at that stage where a pretty girl is a personal insult."

In one of the famous stone nar rades of the west two Irish men were talking. Accidentally, one of them was blown to atoms. The other rushed to the dead man's home crying, "Mrs. Murphy, have you got Pat's life insured?"

"Dead, in faith I have," replied the newly-made widow.

"Well, then, Mrs. Murphy, you can collect Pat's insurance, but I'm sorry to say you will never collect Pat."

Two parrots, one owned by a minister and the other by a girl, were conversing.

Said the minister's parrot: "What shall we do to be saved?"

Said the girl's parrot: "Pump like hell, boys, pump like hell."

NUXATED IRON
Helps make rich, red blood
and vitalize weak nerves

HOW TO MAKE
MONEY TODAY

Men Who Lack Bodily and Mental Vigor, Who Are NERVOUS, Irritable and Easily Fatigued, Should Not Fail to Read This.

A New York newspaper in a very able editorial, says that it isn't the food case, the cancer, or the rheumatism in a watch that makes it go, but that it is the MAIN SPRING. With men it is the same with a watch without the main spring, with a man without the main spring, nothing can be done. It is the main spring of success and money-making in man. Men of blood and nerve have been the rulers of the world and creators of in dustry of every age. Without iron, your blood loses its power to change food into living cells and, therefore, nothing you eat does you the proper amount of good. You do not get the strength out of it and therefore you be come weakened both in body and mind. There are thousands of men, red blood corpuscles in your blood and each one must have iron.

When you find yourself nervous, weak, irritable, and easily fatigued, wait until you are all to pieces and then take some Nuxated Iron. It will put you at once to rights, and your blood and vitality will be restored. Nuxated Iron is like the main spring of a watch. It is the main spring of success and money-making in man. Men of blood and nerve have been the rulers of the world and creators of in dustry of every age. Without iron, your blood loses its power to change food into living cells and, therefore, nothing you eat does you the proper amount of good. You do not get the strength out of it and therefore you be come weakened both in body and mind. There are thousands of men, red blood corpuscles in your blood and each one must have iron.

Use Coconut Oil
For Washing Hair

If you want to keep your hair in good condition, be careful what you wash it with.

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Multisided coconut oil sham poo (which is pure and entirely greaseless), is much better than anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get Multisided coconut oil shampoo at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.

With the
RED LINE
round the top

More farmers are wearing Goodrich Rubber Footwear today than ever before.

The reason for this tremendous increase in users is simple—Goodrich wears longer than other footwear, and farmers have found it out. Naturally, when a man buys a pair of Goodrich "Hi-Press" and they last so much longer and are so much more comfortable, and so materi ally cut down that big footwear bill—he's going to tell his friends.

More and more farmers are finding out that Goodrich won't leak, peel or come apart—it can't, for it is made in One Solid Piece—that's the Goodrich way.

Look for the Red Line 'round the Top when you buy. 60,000 dealers are now selling Goodrich.

**WHAT MADE
THE CHANGE?**

This Woman says Lydia E. Pinkham's Vegetable Compound Made Her a New Woman

Pittsburgh, Pa.—"Before taking Lydia E. Pinkham's Vegetable Com pound I had bearing-down pains in my sides, stomach and back so badly that I could hardly stand up. I was white and very thin and nerv ous, had a poor ap pe tite and only weighed 112 pounds. I took ten bottles without missing one dose and gave it a fair trial. When I finished the last bottle everyone asked me what made the wonderful change in me. I told them about Lydia E. Pinkham's Vegetable Compound and I recom mend it wherever I can. I give you per mis sion to publish this letter to help suf fer ing women as your remedies are a god send and made a new woman of me. Mrs. F. A. BAKER, 4749 Butler St., Pittsburgh, Pa.

Why will women drag around day after day, suffering from backaches, bearing-down pains, nervousness and "the blues," enduring a miserable ex istence when they have such evidence as the above that Lydia E. Pinkham's Ve getable Compound is a dependable re medy for such troubles. For nearly forty years this grand old root and herb me dicine has been restoring the women of America to health and strength.
